## ONLINE SENSOR TRAINING OFFERED BY BELIMO UNIVERSITY

Danbury, CT September 5, 2017 – Belimo University is excited to announce a new online HVAC sensor training. Belimo University known for its comprehensive training programs has just released an online module on Belimo Sensors. This training provides an understanding of the features and benefits of sensors, their functions within an energy management system, and best practices for installation of sensors in common applications.

With unlimited access to a collection of HVAC online modules, Belimo University is the easiest and fastest way to get the training you want. Simply go to <https://belimouniversity.elogiclearning.com/> and complete a one-time registration to access our library of training.

The all-inclusive online program offered by Belimo University includes:

- Introduction to Sensors
- Introduction to Damper Actuator Sizing
- Introduction to Control Types
- Introduction to Valve Characteristics and Valve Limitations
- Introduction to Valve Sizing for Water Systems
- Introduction to Pressure Dependent Valves
- Introduction to Retrofitting Butterfly Valves
- Introduction to Retrofitting Globe Valves

Discover all the offerings of Belimo University at [www.belimouniversity.com](http://www.belimouniversity.com)

###

Belimo is the global market leader in the development, production, and marketing of field device solutions for controlling heating, ventilation and air conditioning systems. Actuators, control valves, and sensors make up the company's core business. Known for its direct-coupled actuator and innovations in pressure independent control valve technology, Belimo has solutions to maintain an efficient building environment. For 40 years, Belimo has provided innovations in Comfort, Energy Efficiency and Safety Solutions to customers throughout the world, all of which are backed by Belimo's unsurpassed 5-year warranty. For more information, contact Belimo at 1-800-543-9038 or visit the website at [www.belimo.us](http://www.belimo.us).
