

Panasonic to Exhibit Innovations in Commercial and Residential Heating and Cooling Solutions at AHR Expo 2018

The VRF Smart Connectivity Controller and ECONAVI Intelligent Sensor Technology Will Be Featured at Booth #1520

NEWARK, N.J., Jan. 18, 2018 – Panasonic Appliances Air-Conditioning North America, an industry-leading manufacturer of air conditioning and heating systems, today announced its presence at the International Air-Conditioning, Heating, Refrigerating Exposition (AHR Expo), the world’s largest HVACR marketplace. During AHR Expo, Panasonic Appliances Air-Conditioning North America will be demonstrating its high-quality, reliable and durable heating and cooling solutions, including its VRF Smart Connectivity Controller and ECONAVI intelligent sensor technology.

Panasonic’s VRF Smart Connectivity Controller technology, developed in collaboration with Schneider Electric, offers an enhanced user-friendly interface that dynamically manages comfort, controllability and costs for the end user. With this solution, building managers benefit from a sense of controllability that allows them to manage equipment, lighting, security, electrical distribution and power from a single interface, anytime and anywhere. Additionally, with Panasonic’s ECONAVI intelligent sensor technology, human activity is automatically detected and the temperature is adjusted, creating a comfortable, energy-efficient space for occupants.

“Whether Panasonic’s customers are commercial building owners or homeowners, we know that comfort and energy efficiency are essential,” said Malcolm Persaud, senior product manager, Panasonic Appliances Air-Conditioning North America. “With the VRF Smart Connectivity Controller and ECONAVI Intelligent Sensor, our products are equipped with smart technology that puts control in the hands of the users and ensures that their needs are met. Additionally, in working closely with our contractor partners across the country, we’ve developed solutions that are easier to install and reduce labor costs.”

At AHR Expo, which is being held at McCormick Place in Chicago, IL, Panasonic Appliances Air-Conditioning North America will be exhibiting at booth #1520 where its team of experts is available to discuss Panasonic’s range of heating and cooling solutions.
