FOR IMMEDIATE RELEASE 12/17/19

Mestek Machinery to participate in the AHR Expo February 3rd - 5th 2020 at the Orange County Convention Center in Orlando, Florida.

Mestek Machinery is an HVACR industry leader specializing in end-to-end productive, reliable, and innovative metal forming solutions for sheet metal ductwork and fittings. Mestek Machinery invites duct shops and fabricators to visit their floor display at booth 2501. Their team of experts represents deep and broad experience in all aspects of the HVACR industry. Mestek Machinery can consult about solutions which can help businesses of all sizes meet their goals, compete in a changing market, keep their equipment performing, and empower teams with the support and equipment they need to grow business and meet benchmarks.

At the AHR Expo in booth 2501, Mestek Machinery will showcase five of their most popular machines, including the Vulcan Laser-Max 1.5, Cornermatic® Combo, D-Max 2.0E, Vulcan Waterjet, and the Pro-Ductomatic®. More information can be found at http://www.mestekmachinery.com/ahr-2020/.

About the Expo

The AHR Expo is the world’s largest HVACR event, attracting the most comprehensive gathering of industry professionals from around the globe each year. The Show provides a unique forum where manufacturers of all sizes and specialties, whether a major industry brand or innovative start-up, can come together to share ideas and showcase the future of HVACR technology under one roof. Since 1930, the AHR Expo has remained the industry’s best place for OEMs, engineers, contractors, facility operators, architects, educators and other industry professionals to explore the latest trends and applications and to cultivate mutually beneficial business relationships. The event is co-sponsored by ASHRAE and AHRI, endorsed by many industry-leading organizations, and is held concurrently with ASHRAE’s Winter Conference.

About Mestek Machinery

Mestek Machinery is the industry-leading designer and manufacturer of the most complete, productive, and innovative metal forming solutions for the fabrication of HVAC sheet metal ductwork and fittings. With a half dozen brands and an expanded network of dealers around North America, Mestek Machinery’s extensive network supports HVAC and sheet metal forming and fabricating equipment needs. Mestek Machinery has a combined knowledge and experience spanning over 70+ years addressing every facet of the HVAC duct industry and developing cutting-edge, precision technologies, and automated manufacturing equipment saving time, money, and labor. Mestek Machinery’s expansive family of brands includes Lockformer, Engel, Iowa Precision, Lion, Roto-Die, and ISM Machinery. For more information visit www.mestekmachinery.com
